WHO SHOULD ATTEND

This programme is designed for those personnel responsible for carrying out Slinger Signaller duties.

COURSE AIM

The ALLMI Slinger Signaller course content is extremely comprehensive and so cardholders are able to use their skills when performing Slinger Signaller duties with other types of lifting equipment, not just lorry loaders. The Slinger Signaller course consists of 13 modules.

Upon successful completion of the course every candidate will receive an identity card and certificate, and will be registered on the ALLMI database.

TRAINING METHODS

Assessment consists of two theoretical assessments and one practical. The theoretical assessments consist of a set of multiple choice and 'open' questions.

The practical assessment is designed to identify whether the candidate has the appropriate practical skills to perform their duties as a Slinger Signaller safely and efficiently.
