

COMBINED LOW LEVEL ACCESS & TOWERS FOR USERS

MAX NO. OF DELEGATES:
8

DURATION:
1 DAY

LENGTH OF CERTIFICATION:
5 YEARS

ACCREDITATION:
PASMA / COTS CERTIFICATE

WHO SHOULD ATTEND

Personnel who will be responsible for the assembly, use, dismantling, alteration, moving and inspecting of mobile access towers who also work from low level access platforms with maximum platform height no greater than 2.5m.

COURSE AIM

How to safely assemble, dismantle and relocate low level access units and mobile access towers without risk of personal injury or to others, using approved build methods.

ADDITIONAL INFO

Delegates attending this course should be **18+ years** and be physically and mentally fit to withstand the rigours of training.

No formal qualifications or experience are necessary, but it would be beneficial if delegates had a basic understanding of working at height issues.

LOCATIONS

COTS Llandarcy.

COURSE CONTENT

- Current Legislation, Regulations and Guidance
- PASMA Code of Practice Product Standards
- Assembling, altering and dismantling towers
- Inspection of both low level and standard mobile access towers.
